

Preface

The organizing committee of IEMSS 2022 is proud to present the proceedings of the 2022 4th International Conference on Innovations in Economic Management and Social Science, held in Seoul, South Korea during May 21-22, 2022.

IEMSS 2022 aims to bring together researchers, scientists, engineers, and scholar students to exchange and share their experience, new ideas, and research results about all aspects of innovations in economic management and social science, and discuss the practical challenges encountered and the solutions adopted.

IEMSS 2022 received more than 260 manuscripts, and less than 200 submissions have been accepted by our reviewers. By submitting a paper to IEMSS 2022, the authors agreed to the review process and understood that papers would undergo a peer-review process. Manuscripts were reviewed by appropriately qualified experts in the field selected by the conference committee, who took detailed comments and-if the submission was accepted-the authors would submit a revised version that took into account this feedback.

Hopefully, all participants and other interested readers will benefit scientifically from the proceedings and also find it stimulating in the process.

With warmest regards,

IEMSS Conference Organizing Committees
Seoul, South Korea
